Idaho is Open for Business

Official State Resolution

Whereas, the State of Idaho is a great and beautiful state that is part of the United States of America and subject to the Constitution of the United States; and

Whereas, every business, every job, and every worker in the state of Idaho is essential, necessary, valuable, and honorable; and

Whereas, the 14th Amendment of the Constitution declares "nor shall any State...deny to any person within its jurisdiction the equal protection of the laws" ensuring that all persons and business entities must be treated equally under the law and may not be classified as "essential" or "non-essential;" and

Whereas, Idahoans have proved themselves for over a century to be self-reliant, independent, creative, and responsible; and are fully capable of protecting themselves, their self-interests, and the well-being of their fellow Idahoans; and

Whereas, the Governor of the State of Idaho has unlawfully issued an Unconstitutional order forcing businesses to close and unlawfully classifying some workers and businesses as either "essential" or "non-essential" in defiance of the Constitution which is the highest law of the land;

Therefore, be it resolved, that from this day forward, May 2nd, 2020, the State of Idaho is officially open for business and not subject to any unlawful order which abridges the Constitution. Idaho is Open for Business! Churches are open! Businesses are open! We are free!

Signed,

We the People of the State of Idaho
